To the Honorable Gentlemen Composing

Gentlemen, I wish to call your attention to
a water trough on the north side of the building
on Lot 60 OP middle 1/3 owned by S. H.
Ralston emptying the water which it receives
out of the north east corner, down the
south east corner of my brick building thereby
injuring the corner and the foundation of
my building, and having already caused

the cracking of the plastering and the wall at that place. Further it is very annoying to passers by when it is raining from the water splashing on the walk. A very little expense would place a pipe to conduct the water down from his trough and out to the gutter. Hoping that you will give this your special attention I submit this statement

[illegible] filing and presenting his petition in the following words.

To the Honorable the Board of Trustees of the Town of Auburn Dell

The undersigned respectfully asks your honors to remit the corporation tax of 1867 now charged as delinquent tax in said to S. Hoffman's Addition to said town, for the following reasons, viz: that said lot was not at the time of the assessment of said tax within the corporate limits of said Town.

The undersigned admits that the records of said town setting forth the proceedings had at the session 187 show that a petition was presented to the trustees of said Town by certain persons asking that a certain tract of real estate by them owned and supposed to embrace said lot be incorporated, but there is no record made of said petition, and no description whatever given of the real estate thus sought to be incorporated so as to ascertain its whereabouts, nor is there any order made by said trustees that said real estate whenever it may be shall thereafter included in said corporation as required by the statute, See R.S. Vol 1 Sec 48 page 629. The undersigned further states that said record does not even show an attempt by said board to extend the limits of said corporation so as to embrace said land and is therefore in that respect an absolute nullity. The undersigned would further show that at the session 187 of said trustees, a resolution was entered of record purporting to take within the corporate limits of said town, a certain tract of land designated as "Hoffman's Addition" to said

town embracing the lot above described under the power conferred upon said board by section 48 page 629 R.S. Vol 1st but the undersigned denies that said act of the Trustees accomplished the purpose intended for the reason that said board had no jurisdiction of the subject matter. there being in law no plat on record as set out in said resolution.
The law relating to the laying out of additions to a town see R.S. Vol 1 page 632, Sec. 1, 2, 3 & 4 contemplates the following prerequisites to a legal plat.
1st. The person platting must own the land platted.
2d The plat must be acknowledged before the recorder or some justice of the peace, to entitle it to record.
3d Must be recorded.
As a Board of Trustees can have jurisdiction only on a legal plat the above prerequisites are necessary to give jurisdiction.
But the tract of land covering said lot and known as "Hoffmans Addition" fails entirely in these prerequisites. The land when platted was owned by six different individuals. Said Hoffman who done the platting only owning one lot out of six, the undersigned as owner of one of the lots, and probably all the other owners not cooperating in said act of platting. Said plat when thus illegally made was by said Hoffman, then County Recorder on the 3 day of June 1873 illegally spread upon the records of said County without any acknowledgement of the same being taken either as to himself or as to any of the owners of said land thus platted. That afterward on the 2d day of January 1875. the said Hoffman as such recorder entered on the records of town plats in his office an acknowledgement of said plat and had the same certified to by Isaac Hague the County Auditor an officer having no authority to take acknowledgement. all of which proceedings being entirely unknown to the law as consequently void. That said Trustees having no jurisdiction of the subject matter there being no legal plat on record. Their act in thus attempting to extend the corporate limits of said town by said resolution was ut-

solutely void, and that having no jurisdiction the legislature cannot legalize their act in this respect that in relation to the act of the board upon petition just above referred to there is no act whatever as shown by the record to incorporate said land by said Trustees to legalize. The undersigned therefore also asks your honors to remit the tax of the present year charged to said lot ~~an of~~.

All of which is respectfully submitted

J. P. Widney.

And the Board after due consideration order that the clerk issue quietus to said Widney for the full amount of delinquent taxes.

Adjournment.

Petition to repeal Cow Ordinance. 1887

Now comes the Hon D. D. Moody and presents the following Petition praying the Trustees to repeal or modify the Cattle Ordinance in the following words to wit

April 14th 1884.

To the Hon Board of Trustees, of the Town of Auburn, DeKalb County Indiana. We the undersigned citizens of said Town would respectfully request that you re-consider your action in reference to stock running at large and amend the same so as to allow Cows at large during the day, But to have the same confined during the Night – for the following reasons.

1st. Restraint of Cows during the day would be a great oppression to many families especially the poor who have not the means

to hire pasture and deprive them of an important — and in the support of their families. especially where there are Children.
2d Health from the use of good fresh milk.
3d Health from the large growth of herbage on our streets, which if left to itself ~~fast~~ would fall down and rot, thus producing sickness.
4th Unnecessary taxation to hire a mower to cut down Vegetation, which would otherwise be consumed by the Cows.
5th Above all depriving the Laborer and poor of one of the Necessaries as well as the Luxuries of Life. and a great — and in the support of their families —
